

Dr.Backup™
online backup service

Online Backup Service Package Plans*

www.drbackup.net

Dr.Backup is a professionally managed online backup service. Our specially trained technicians work directly with your team to help ensure your critical business data is securely backed up offsite and available for recovery 24 hours a day.

We feature **S.M.A.R.T.** backups that deliver superior online backup technology combined with *ongoing* expert assistance with the **S**etup, **M**onitoring, **A**larming, **R**estoring, and **T**esting of your online backup solution.

All packages include Microsoft Windows®-compatible backup software for use on a PC, laptop or server. Licensed devices can perform an unlimited number of backups and restorations. Disk storage is 'pooled' across all sub-accounts.
